Integrated Planning is the development and delivery of a Strategic Community Plan and a Corporate Business plan.

Strategic Community Plan

This section addresses the development of the Strategic Community Plan.

Corporate Business Plan

This section addresses the development of the Corporate Business Plan.

Integrated Planning is supported by informing strategies including Asset Management, Long Term Financial Planning and Workforce Planning.

Asset Management

This section addresses the development of an Asset Management Policy, Strategy and Plans.

Long Term Financial Planning

This section addresses the development of a Long Term Financial Plan to inform the Corporate Business Plan.

Workforce Planning

This section provides information on the Department's support for Workforce Planning.
